

Why would you ever go back...

to those tab collars, cut fingers, wasted time and material costs. DuraTite's self sealing trunk line take off is UL classified, installs in half the time of the metal collars and seals airtight.

Our collar seals to sheet metal up to 2" duct board. Talk to your local distributor for more information or visit

www.duratite.com or call 1-866-217-3872 for a free sample. Full line of sizes available from 5" to 12". Once you try DuraTite you'll never go back to metal.
