

# Why Buy DuraTite Take Offs For Your Next Installation?

No tabs to bend back means substantial labor savings and no more cut fingers.

Double sided adhesive gasket could replace mastic at the trunk line.

Polypropylene plastic is durable, non-conductive and won't dent or rust.

Patented Clip & Zip system allows you to install in HALF THE TIME.

Outside handle lets you easily adjust "stay in place" damper into 6 positions.

Can be used with 1", 1-1/2" and 2" duct board as well as metal trunk lines.

The Winner of the 2007

DuraTite's take off starts the connection, you finish it with your ceiling diffuser or register of choice.

Unique design lets you pre-install your flex to save more time in the field.

Fire tested for heat and visible smoke release and approved by UL.
